

HOLDERS ROOF TILE profiled twisted and straight holders

E374696

WERSJA MATERIAŁOWA:

copper

OPIS:

Profiled twisted and straight tile holders are dedicated to a specific type of tile. They make it possible to lead the lightning conductor along or across the tile. Installation is carried out by inserting and fastening the holder between the tiles.

TWISTED - leading the cable along the tile

STRAIGHT - leading the cable across the tile
